

# Upgrade Guide

## Updating AgOpenGPS to the latest version

1. Close AgOpenGPS and AgIO.
2. In a web browser, go to:  
<https://github.com/AgOpenGPS-Official/AgOpenGPS/releases>
3. Find the latest stable release.
  - a. Under 'Assets', click on AgOpenGPS.zip to download it
  - b. As of September 2025, the latest stable version is 6.7.1
  - c. Avoid newer releases with labels such as 'beta'
4. Once it has downloaded, navigate to the Downloads folder and double click on AgOpenGPS.zip
5. In the top bar of the file browser, click 'Extract All'
  - a. You will be prompted to select a destination.
  - b. Click 'Browse' and select the Desktop
    - i. Filepath should be C:\\Users\\AOG\\Desktop
  - c. Click 'Extract'
  - d. If prompted, click 'Replace the files in the Destination'
6. On the Windows Taskbar, click on the green AgOpenGPS icon
  - a. You may be prompted with 'Windows Protected your PC'
  - b. Click 'More Info'
  - c. Click 'Run Anyway'
7. Accept the Terms and Conditions of the new version
8. You will receive a security warning to run AgIO
  - a. Un-tick 'Always ask before opening this file'
  - b. Click 'Run'

**You should now be running the latest version!**

## Troubleshooting

### **On restart, AgOpenGPS doesn't load automatically**

1. On the Desktop, double-click the AgOpenGPS folder.
  - a. Find 'AgOpenGPS.exe', and right-click (long-press)
  - b. Click 'Show more options'
    - i. Click 'Create Shortcut'
2. Go to the Start menu, search, and type 'run'
  - a. Select the programme 'Run'
  - b. Type 'shell:startup' in the prompt, then click ok
  - c. This will open a folder containing a shortcut to the old AgOpenGPS.
    - i. Delete the old shortcut.
3. Drag the AgOpenGPS shortcut you made earlier into the Startup folder.

### **The shortcut icons on the taskbar no longer work**

1. Long-press the broken icon
  - a. Click 'Unpin from taskbar'
2. On the Desktop, double-click the AgOpenGPS folder.
  - a. Find AgOpenGPS.exe, and double click to open it.
3. Accept the terms and conditions
4. The new AgOpenGPS icon should now be on the taskbar
  - a. Long press the new icon
  - b. Click 'Pin to taskbar'

### **AgIO does not have a profile**

1. Email Charles on [c@cseq.co.uk](mailto:c@cseq.co.uk) and he will provide you with the file
2. Place the file in Documents/AgOpenGPS/AgIO
3. Reopen AgIO and select the profile in the 'Open:' box
